MEMORANDUM FOR: Deputy Chief, Operations Staff, DDO
SUBJECT : Comments on the Murphy Commission Report

STAT

1. Mr. Colby requested today that we include in his comments on the Murphy Commission report material on the importance of cover to Agency operations overseas. He suggested [] prepare the words.

2. Since this request relates to the review which DDO is making of Chapter 12 of the Murphy Commission report, I am passing the word along to you.

3. This may be one of those matters on which you will want both a classified and an unclassified input.

4. As you will note from our package of inputs on Chapter 7 recommendations, which will be around to you this afternoon to obtain DDO coordination, we are keeping our responses quite brief.

5. Because of Mr. Colby's particular interest in the cover problem, you may wish to go into more detail than we have thusfar done in the comments on particular recommendations, but I hope the discussion of cover problems will be as concise as is feasible.

6. We will need this material by no later than Thursday noon, and hopefully before then.
